

# *I CAN'T GO TO FLORIDA*

## *THE SECRET LYRICS*

I can't go to Florida because  
They might throw me in jail  
Just for using the bathroom—  
And on top of that,  
It would be a men's jail!

In June, 2025, a trans woman  
Named Marcy Rheintgen  
Was arrested for using the women's bathroom  
At the Capitol in Tallahassee.  
The charges were dropped, but still...

Ron DeSantis is a noxious pile  
Of toxic waste, and so  
Are his ideological brethren!

Did you know he was a lawyer at Guantánamo Bay?  
And that according to Harper's Bazaar,  
He just laughed at the prisoners being tortured.

And now he's brought his trademark sadistic attitude  
To the business of running the state!

When I was fifteen,  
And still ostensibly a boy,  
I went to visit my long-distance girlfriend  
In the suburbs of Miami.  
We went to Hot Topic,  
And made out to Fauré's Requiem.

But now the Miami suburbs are one of the places  
Where rainbow crosswalks  
Were erased by the Florida Department of Transportation.  
They did the same thing to the Pride Memorial Crosswalk  
In Orlando,

And posted cops around it  
To prevent it from being repainted.

So I can't go to Florida right now,  
But maybe someday all of us will take over the damn place,  
And turn it into a queer utopia!  
Yeah!
